Subject: letter of understanding utu.

letter of understanding for snow service.

there will be a letter for meal allowance sent to time keeping from mr halberg. instructing them to pay \$32.00 a day per diem. see memo attached.

it is our intention to keep all crews in truckee if possible. if we are forced to sparks the crews will be moved back to truckee as soon as possible. the lodging is something that is not totally in our control. it is up to the hotels and the skiers. we are working to improve our room situation.

the snow list will be renewed every november. the people that want to work snow service will be kept on this list until next november unless they request to be removed.

the calling order is as follows. first the xt10 followed by the xt15. when those are exhausted we will go to the pools then switchmen's board. those on the snow list will be called in order off of these boards as needed.
